THE INTERNATIONAL 501C3 THAT EMPOWERS WOMEN IN TECHNOLOGY WILL PARTICIPATE IN THREE MONTH GROWTH AND FUNDING ROUND

San Francisco, June 2, 2016, Women Who Code (WWCode), a non-profit organization that works to empower career aged women to excel in technology careers around the world, has been chosen for the Y Combinator's Summer 2016 Accelerator Program. Y Combinator will inject funding into the organization and provide strategic guidance and counseling from top people in the tech industry over the course of an intensive three month program.

FUTURE: Contributing to Open Source, Intro to Command Line, Intro to Docker, Internet of Things

IoT Hackathon

- with Intel & Treehouse
- coming this November

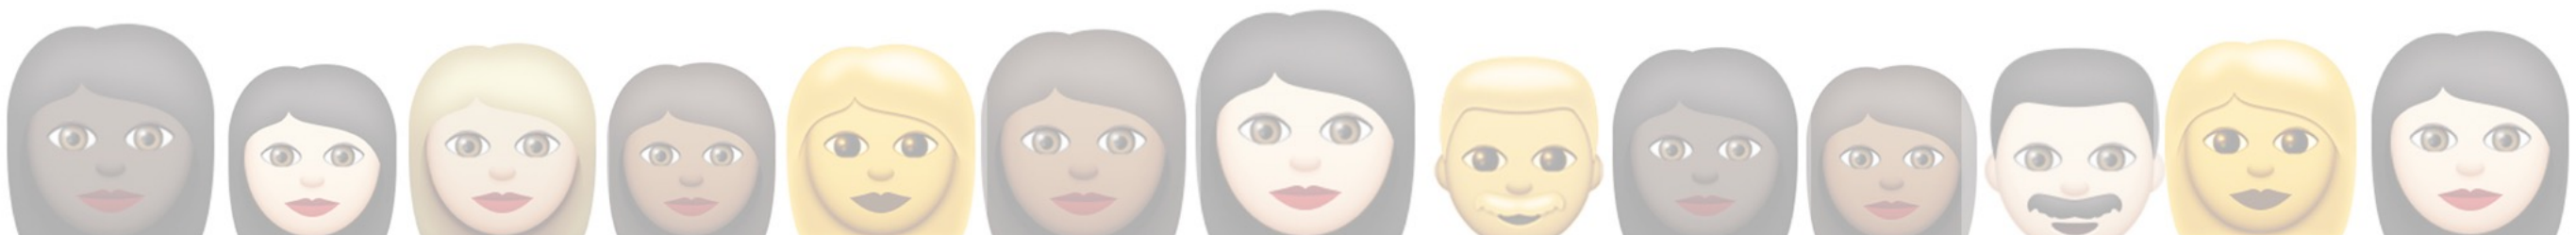

Networking Night

What? A meetup hosted by a different tech company in Portland every month.

The goal is to introduce our members to new companies, careers in tech, and to **showcase women in engineering, design, product management, etc** working at those companies.

Why? We want to build a community.

NETWORKING NIGHTS - 2015

A monthly meetup to hear women speak about technology, make new connections, and help build a community of technical women in Portland.
