Questions

# Women Who Code

Women Who Code (WWCode) is a global 501(c)(3) non-profit dedicated to INSPIRING women to EXCEL in technology careers.

Organization Overview
501(c)(3): #46-4218859

# What We Do

As an organization, we EMPOWER women with the skills needed to ADVANCE their technical careers, provide them with a community of women who believe in the LONGEVITY of their careers, and use the power of our NETWORK to connect our members to life changing opportunities.

# How We Do It

FACILITATING free technical workshops

CONNECTING our global community of technical women to each other

EMPOWERING our members with leadership opportunities

DEVELOPING our leaders into TRAILBLAZERS

FOSTERING a community where networking and mentorship are valued

KEEPING women in their technical careers

TIRELESSLY ADVOCATING for women in TECH

# Our Chapters

# A Worldwide Organization

# What We Do in Portland

Study Nights (JavaScript and PHP)

Networking Nights

Workshops (Intro to Tech series)

# JavaScript Study Night

**What?** Come hack on JavaScript projects!

**When?** Every Wednesday

6-9 PM

**Where?** PDX Code Guild

# OOP in PHP (Study Night)

What? Alena leads the group through an OOP lesson, taught in PHP

When? Monthly meetup on Tuesdays

6-9 PM

Where? Portland Code School

# Networking Night

What? A meetup hosted by a different tech company in Portland every month.

The goal is to introduce our members to new companies, careers in tech, and to showcase women in tech working at those companies.

Why? We want to build a COMMUNITY of technical women in Portland.
